

Clips

Apparatus/Tubing Clips and Clamps

Clips/Clamps

Providing shut-off or flow control for flexible tubing.

Type	Max. tubing dia. mm	Material
CP100-15 Mohr	10	Nickel plated alloy
CP100-19	12	Nickel plated alloy
CP103-10 Ratchet	10	Polypropylene
CP106-08 Centre hinged, spring	8	Stainless steel and acetal
CP106-10	10	Stainless steel and acetal
CP109-10 'Stop-it',	10	PVDF and zinc plated steel
CP109-15 bottom hinged	15	PVDF and zinc plated steel
CP109-20	20	PVDF and zinc plated steel
CP114-25 Hoffman, bottom hinged,	25	Nickel plated brass
CP114-30 light	30	Nickel plated brass
CP114-40	40	Nickel plated brass
CP115-40 Hoffman, bottom hinged	40	Nickel plated brass
CP120-14 Hoffman side hinged	14	Acetal
TY900-20 Non slip, serrated	4.5	PBT*
TY900-25 wheel	6	Sterilisable up to 134°C
TY900-30	10	Sterilisable up to 134°C
TY900-40	14	Sterilisable up to 134°C

*Polybutylene terephthalate.

Clips

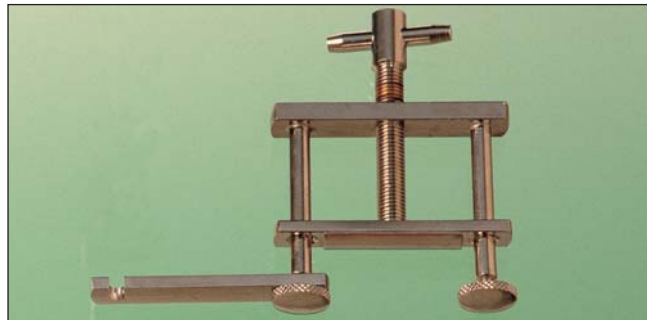

For securing flexible tubing on nozzles and pipes.

Type	Outside dia. of tubing accepted, mm	Material
CP130-16 Worm drive	11 to 16	Zinc coated mild steel
CP130-20	13 to 20	Zinc coated mild steel
CP130-25	18 to 25	Zinc coated mild steel
CP130-30	22 to 30	Zinc coated mild steel
CP135-10 Unex hose hexagon head	8 to 10	Stainless steel with brass screw
CP135-12	9 to 12	Stainless steel with brass screw
CP135-14	10 to 14	Stainless steel with brass screw
CP135-17	13 to 17	Stainless steel with brass screw
CP135-19	15 to 19	Stainless steel with brass screw
CP135-22	18 to 22	Stainless steel with brass screw
CP135-25	21 to 25	Stainless steel with brass screw
CP135-27	23 to 27	Stainless steel with brass screw
CP135-30	26 to 30	Stainless steel with brass screw
CP135-33	29 to 33	Stainless steel with brass screw
CP135-35	31 to 35	Stainless steel with brass screw
CP135-38	34 to 38	Stainless steel with brass screw
CP135-41	37 to 41	Stainless steel with brass screw
