

Gas Cylinder

Cylinder Supports and Trolleys

Gas Cylinder Trolleys

Single cylinder capacity. Stoved enamel steel frame finished in blue, incorporating side shield bars for added protection of the cylinder, galvanised retaining chain, wide, perforated base platform to aid condensation drainage and provide support, and tyred wheels. Maximum capacity 150kg and cylinder height 1220mm. Maximum cylinder diameter as indicated. Available with, or without, dismantlable rear arm with castors to aid manoeuvrability.

- GF402-10** For 280mm cylinder, without castor arm
- GF404-15** For 280mm cylinder, with castor arm
- GF406-20** For 380mm cylinder, without castor arm
- GF406-25** For 380mm cylinder, with castor arm

Gas Cylinder Stand

For a single cylinder. Epoxy coated steel frame finished in blue, with heavy duty base plate drilled with holes for attachment to the floor. For cylinders up to 280mm diameter which are secured by hinged retaining bars. Overall 600 x 340 x 310mm H x W x D. Supplied without fixings.

- GF415-22** Gas cylinder stand, for 280mm cylinders

Gas Cylinder Support

With bench clamp and webbing strap. For cylinders up to 300mm diameter.

- GF430-23** 300mm
- GF430-27** Spare strap

Gas Cylinder Wall Brackets

Wall mounting. Strong, stoved enamel steel frame finished in blue with galvanised steel retaining chain. To hold cylinders and with overall sizes as indicated. Maximum cylinder diameter accommodated 280mm. Supplied without wall fixings.

	Cylinders held	W x D x H, mm
GF440-20	2	650 x 155 x 40
GF440-35	3	965 x 155 x 40
