Pipette Controller, accu-jet S

- ◆ Ergonomic, lightweight design for fatigue-free use
- ◆ Suitable for pipettes from 0.1 to 100ml
- ◆ Continuously adjustable power with simple, two-button, fingertip control offering gravity (for delivery-calibrated pipettes) or powered blow-out delivery (for pipettes calibrated to contain)
- ◆ Cordless operation with rechargeable NiCd battery
- ◆ Rapid battery recharging within 4 hours
- ◆ The controller can be stood on its end whilst on the bench with a pipette in place
- ◆ Pipetted media fumes vented at front of pipettor reducing the possibility of internal corrosion
- ◆ Supplied with universal charger for U.K., Europe, USA, Japan, Australia and New Zealand configurations

As described. With fully autoclavable pipette connector, disposable 0.2 µm membrane filter and one way safety valve. Supplied with wall support, two spare 0.2µm membrane filters and universal charger for the rechargeable battery. Weight 205g.
