Pipette Controller, accu-jet S

- Ergonomic, lightweight design for fatigue-free use
- ♦ Suitable for pipettes from 0.1 to 100ml
- Continuously adjustable power with simple, two-button, fingertip control offering gravity (for delivery-calibrated pipettes) or powered blow-out delivery (for pipettes calibrated to contain)
- Cordless operation with rechargeable NiCd battery
- Rapid battery recharging within 4 hours
- The controller can be stood on its end whilst on the bench with a pipette in place
- Pipetted media fumes vented at front of pipettor reducing the possibility of internal corrosion
- Supplied with universal charger for U.K.. Europe, USA, Japan, Australia and New Zealand configurations

As described. With fully autoclavable pipette connector, disposable 0.2 m membrane filter and one way safety valve. Supplied with wall support, two spare 0.2µm membrane filters and universal charger for the rechargeable battery. Weight 205g.
