

# Pipette Fillers/Pipette Accessories

## Pipette Controller, accu-jet S

- ◆ Ergonomic, lightweight design for fatigue-free use
- ◆ Suitable for pipettes from 0.1 to 100ml
- ◆ Continuously adjustable power with simple, two-button, fingertip control offering gravity (for delivery-calibrated pipettes) or powered blow-out delivery (for pipettes calibrated to contain)
- ◆ Cordless operation with rechargeable NiCd battery
- ◆ Rapid battery recharging within 4 hours
- ◆ The controller can be stood on its end whilst on the bench with a pipette in place
- ◆ Pipetted media fumes vented at front of pipettor reducing the possibility of internal corrosion
- ◆ Supplied with universal charger for U.K., Europe, USA, Japan, Australia and New Zealand configurations

As described. With fully autoclavable pipette connector, disposable 0.2 µm membrane filter and one way safety valve. Supplied with wall support, two spare 0.2 µm membrane filters and universal charger for the rechargeable battery. Weight 205g.

**PP895-70** accu-jet S with universal charger for 100-240V 50/60Hz single phase supplies

### Accessories and Spares for PP895 series

- PP897-09** 0.2µm membrane filter. sterile, supplied singly
- PP897-10** 0.2µm membrane filter. non-sterile, pack of 10
- PP897-16** 3µm membrane filter. non-sterile, pack of 10
- PP897-34** Spare universal charger for 100-240V 50/60Hz single phase supplies
- PP897-54** Wall support

PP895-70

## Pipette Boxes

For holding pipettes for autoclaving or dry heat sterilising up to 180°C. With lid.

### Cylindrical pattern

	Length x dia. mm	Material
<b>PP970-30</b>	407 x 64	Aluminium
<b>PP970-35</b>	407 x 64	Stainless steel
<b>PP970-50</b>	457 x 64	Aluminium
<b>PP970-55</b>	457 x 64	Stainless steel

\*The polypropylene box has a thread closure which enables length to vary from 280 to 500mm and is autoclavable at maximum 121°C.

### Square section pattern

The lid and base have a built-in silicone pad. The square section is 70 x 70mm.

	Length, mm Int. x Ext.	Material
<b>PP975-14</b>	175 x 210	Stainless steel
<b>PP975-15</b>	180 x 215	Aluminium
<b>PP975-18</b>	250 x 290	Stainless steel
<b>PP975-20</b>	255 x 295	Aluminium
<b>PP975-22</b>	300 x 340	Stainless steel
<b>PP975-25</b>	305 x 345	Aluminium
<b>PP975-27</b>	390 x 430	Stainless steel
<b>PP975-30</b>	410 x 450	Aluminium
<b>PP975-32</b>	450 x 490	Stainless steel
<b>PP975-35</b>	458 x 495	Aluminium

Pipette rinser – see WB610.

Pipette stands – see SM200/SM254.

PP970-30 to -55, PP975 plus Petri dish holder
