

Stands and Racks

Bossheads and Clamps

Bosshead, straight

Natural finish, with blue plastic headed, nickel plated screws. For rods up to 16mm diameter.

SL600-10 Bosshead, straight, natural

Clamp

Natural finish. With cork/rubber lined interlocking jaws. Accepts articles up to 80mm diameter. Rod 8mm diameter.

SL660-10 Clamp, cork/rubber jaw

Clamps

Natural finish alloy or stainless steel. With three prong rubber covered jaws. Accepts articles up to 70mm. Rod 8mm diameter.

SL685-10 Clamp, alloy

SL700-10 Clamp, stainless

Clamp

Alloy and stainless steel. With three prongs fitted with heat resistant sleeves. One prong is pivoted for accurate alignment. Accepts articles up to 125mm diameter. Rod 8mm diameter.

SL710-10 Clamp, pivoted

Clamp

For beakers. Alloy and stainless steel. With heat resistant covered jaws. Accepts beakers up to 175mm diameter. Rod 9mm diameter.

SL720-10 Clamp, beaker

Clamp

For reaction vessels. Alloy and cadmium plated steel with heat resistant covered jaws and supplied with two extension rods 9mm diameter to allow reaction vessels up to 20 litre capacity to be held.

SL725-10 Clamp, vessels

Chain Clamp

For supporting articles up to 150mm diameter. The object is aligned into cork lined inner jaws and a rubber sleeved chain is passed around it, then back to a fixing stub on the nickel plated tensioner mounted on the clamp rod. The chain is tightened by a plastic headed, nickel plated screw. Rod 10mm diameter.

SL726-14 Chain clamp

Clamps, burette

Polypropylene, spring-loaded, with rubber grips on the arms and a central boss to allow mounting on rods from 11 to 14mm diameter.

Type	
SL745-10	Single
SL745-15	Double

Clamp, burette

A double burette clamp with pressed steel body, in powder-coated, blue finish and central bosshead for mounting on vertical rods up to 16mm diameter, spring clamps with plastic coated grips providing a secure hold without damaging glassware. Suitable for burettes up to 100ml capacity.

SL746-15 Clamp, burette, double

Clamp

For 50ml burettes. A one piece sprung plastic clamp which holds one 50ml burette securely. With mounting hole to accept a 13mm support rod.

For burette	
SL755-12	50ml

Clamp, funnel

Double funnel clamp, polypropylene with grip screw clamp for mounting on 12.5mm retort rods.

SL760-10 Clamp, funnel, double
